We had a wonderful stay at Tamarindo. As noted by others, the accommodations aren't modern but the private beach, snorkeling and views are worth the trade off.

We absolutely loved our stay at Tamarindo estate. The place had all the feels of a private property with its own snorkeling beach. It is close to the flamenco and a walking distance to Tamerindo beach but a drive from town. You definitely need to shop before you get there.

If you're after some calm days in touch with nature, this is the right place: our apartment had a beautiful view on the forest and the sea, and we enjoyed starting the day having breakfast under the porch. The private beach is very comfy and above all the snorkeling is great! You can reach the main village in 10 mins by golf cart. Once we cooked dinner and all the appliances worked well. The shower has hot water with no issues. We have just two suggestions to make this place even better: the air...Read more

The place at Tamarindo Estates begins to shine ever brighter as you look around the island and snorkel at the other locations. The very best diving and waterside amenities are right out your front door at Tamarindo Estates, and add the quiet and seclusion, and it was perfect for our family.

If your idea of vacation is rest, relaxation, serenity, quiet, a break from all the hustle of living in a city . . . then Tamarindo has it all! It's an authentic Puerto Rican living experience -- not a homogenized, Americanized resort. The hosts are beautiful people, the landscape is natural, it is the best snorkeling on the whole island and it's private! I would highly recommend Tamarindo to anyone.

We adored this jewel of a place which is obviously a labor of love. The featured beach house and private reef in the marine preserve, for guests only, was not to be beat anywhere on the island. The view from our covered deck was beautiful. Melody, who checked us in, was attentive and knowledgeable. We certainly look forward to returning and staying much longer. Peaceful and just what the doctor ordered.

This is the perfect place to enjoy a few days of absolute quiet and the beauty of the island. It has a private beach (pebbly/rocky) with a small beach house which is a great spot for snorkeling (for people who prefer sandier beaches there's always Flamenco beach and other spots). The public Tamarindo beach is right outside the entrance gates as well. The manager on duty was friendly and gave us plenty of tips on which beaches to go to and where to eat. Rent a jeep to come and go from this private estate with fabulous snorkeling right off the coral beach. You'll see turtles, colorful fish and mantas. Relax in the beach pavilion and string up a hammock on your own patio. Make your own meals and watch the sun set and stars come out. Come to Tamarindo for the peace and quiet and you'll leave a piece of your heart on Culebra.

Lots of good things about this listing: the views, the access to the beach, the calmness of the area, the friendly and attentive caretakers, the incredible snorkeling. Very clean, the bathroom was nice, and the porch was a favorite spot. It's also good to have the a/c. The bed was nothing to write home about, but overall it was a fantastic stay and I would recommend it to anyone. To be surrounded by such outstanding beauty was worth every penny.

This is such a special place! We can't wait to come back and bring our friends and family. The units are all situated high above for optimum views. It's a quick zip down to the water in a golf cart. It was nice being able to get to town so easily (10 mins in a golf cart), but also have all the privacy and peace of the property. Next time I would use the kitchen more to cook meals rather than eat out. A favorite spot for delicious cheap food was the empanada stand at Flamenco Beach. The...Read more

Great location and view from the porch. The apartment itself is not oriented around the view however (bedroom at back and furniture blocking the window in the front room). Was private the first night as we were the only ones in the apartment block, however much less private when the adjoining apartments are occupied. The apartment needs updating with a better shower and more comfortable bed. Overall however still an enjoyable time.

Must be one of the best places to stay on Culebra! Private location at the end of a road with nothing else on it. The beach hut is sublime. Hosts were very nice. Food options on the island are limited, expensive, and poor quality. Luckily one of the hosts is a fisherman who will happily sell you fresh fish or lobster which you can grill on a baby Weber. Would definitely recommend to other travelers!

Härligt boende på berg med utsikt över vattnet. Huset har utrustat kök (ej ugn) och tillgång till grill. Vi spenderade fem dagar här utan bil, vilket fungerade bra. Viktigt att veta är att det inte finns affärer eller restauranger i närheten, så du är ganska fast om du inte har transportmedel. The Tamarindo Beach Estates were nice. Beautiful view from our apt 1. Private beach where there is excellent snorkeling. The access road is rough leading to the estates, make sure to have a golf cart or jeep to handle the potholes. Separately, we received some great suggestions (restaurants, grocery, snorkeling, etc.) from Linda Gail. We thoroughly enjoyed our stay, and

were able to leave our luggage in the office after checking out before our flight out that afternoon.

The place is at an amazing snorkeling beach and snorkeling gear can be rented right down the street. The view is incredible! What really bothered us was that the bed for the third person was not made, there was just a fold out bed in the corner. There is also not enough space for a third person. I think for the price we paid we could expect all beds to be prepared. We definitely recommend this place for couples or simply 2 people. The location and the view made up for it though!
